

CALEB J. BAKER,

AWNINGS, TENTS,

PAULINS, COVERS &c

**104 ST.
W. THIRD CITY,
KANSAS MO.**

B. & F. FIG. CO., K. C.

IT WILL BE INTERESTING AND PROFITABLE TO YOU

To carefully examine this catalogue and note the prices, discounts and other inducements we offer for the Spring of 1898. We again thank our patrons for their liberal support during the year that is past, and we are still here with increased facilities and experience of the wants of the trade, soliciting a continuation of your patronage.

To Western buyers we say, "Please remember that no one in the country has better facilities for handling the trade, or makes better work or sells cheaper—quality, workmanship and price considered—than we do, and we are three hundred miles nearer to you than St. Louis, so it will save you time and money to buy in Kansas City. To Northern, Southern and Eastern buyers would say, "Please examine our prices and compare our workmanship and quality of material with what you are getting nearer home and we are convinced that in the majority of cases it would pay you to send to us for the goods needed in our line." To emphasize this would say, that "during 1897 we sent goods to every state and territory in the Union, except six of the New England states, also to Canada and Mexico."

Show Tents any kind or size; Stable, Boarding and Sleeping Tents; Cots and Blankets for Railroad Contractors, second to none in quality and price. Gospel Tabernacles with or without seats and lamps are a specialty with us. As will be seen, we have some new and very practical styles of tents, with variety enough to suit all tastes and every purpose. A new feature this year is ten pages of handsome little Play Tents for the children, with net prices, within the reach of all, of which we expect a large sale.

The Flag Department is growing all the time, as people are finding out that this is the place to buy Best Bunting Flags at bottom prices. Our Horse Tailoring Department is increasing, where we make a full line of lined or unlined, shaped and square, Blankets and Covers for stable or street, of burlap, duck and blanketing. These are made in the best manner and are special value. We make a specialty of supplying Awnings for the trade and want responsible agents everywhere. If we have no agent in your town, will make a good awning for you at bottom figures.

We are also headquarters for the trade for Tents, Stack Covers, Paulins, Wagon Sheets, Wagon Bows, Tower's Fish Brand Oil Clothing, Manilla, Sisal and Cotton Rope, Wagon Seat Shades, Wagon Umbrellas, Camp Chairs, Stools, Stoves and Cots, Stockmen's Bed Sheets, Saddle Blankets, Gasoline Lamps, Folding Seats, Feed Bags, Etc. Also for Wide or Narrow, Heavy or Light Duck of all qualities by the yard, bolt, bale or carload. Awning stripes in great variety, Awning Hardware and fitting for the trade. If you deal in any of these things, please examine our prices and discounts and give us a sample order, and we believe we can please you in price, style, workmanship, promptness and fair dealing. Hoping to hear from you, I am,

Yours respectfully,

C. J. BAKER.

 nts, etc. We call attention to our Folding Beds, Chairs, Tables, etc they being particularly
 all adapted to traveling Photographers and Tourists.

Large discount. See sheet in front of this catalogue.

FAMILY TENT, No. 22.

Divided into two or four bed-rooms on sides and dining-room in center. The Awning principle Family Tents is a great improvement for many reasons. It is not extra to the tent, but is simply part of the wall lifted up to form an awning, instead of being drawn to one side. This gives free circulation of air through the tent, besides affording a beautiful shade. The walls of the bed-rooms are made of sheeting, and are the same height as the walls of the tent. They are attached by rings to cord stretched from the center poles to the side poles.

If the top of tent were made of 12-ounce duck, and the wall of 8-ounce duck, the cost would be the same as 10-ounce list.

Good Second-Hand Cots for Sale cheap. Send for prices.

Add Five per cent. for each foot or fraction thereof in extra height of wall. Sizes 12x12 to 19x19 to be roped on eaves and gables. Larger sizes to be fully roped.

These Tents are made with walls attached, with one wall to lift up to form awning, as shown in cut, or with walls to lift up back and front for awnings, or with walls attached all around except door, back and front, or with loose walls in two pieces to attach with hooks and eyes, so that walls can be detached at pleasure.

In ordering, please state which way is required.

Liberal discount. See discount sheet.

Square Hip Roof Tent with Fly and Jointed Center Pole, made for Missionaries in Africa.

Postal address, care Cosa Hollandeza, Benguela, West Africa. Kuanjulula, Bihe. Bailunda Country.
C. J. BAKER,

Dear Sir:—I write you hurriedly, but have long thought of doing so, as I have felt my need of a tent such as you send out. I have seen two of yours in Africa and those of other manufacturers, but your square tent with center pole seems the model tent for African service, etc.

Yours in His service,

ARCHIE MUNNOCH.

DEAR MR. BAKER:

7 Shannon Square, Clonakilty, Ireland, July 29, 1897.

I hope to return with my wife and children to Central Africa next April. Please send me a tent and fly; in weight including pegs, not to exceed 100 lbs., that can be packed up into two separate loads of about 50 lbs. each. Also six folding (Repose) Camp Chairs, with extra covers. Please forward the same to Wapping Dock Station, Liverpool England.

Yours Sincerely,

DR. WALTER FISHER.

TENT CONTRACTOR FOR THIS ENCAMPMENT.

Tents, Cots, Blankets, Camp Chairs, Stools and Stoves for Showmen, Miners, Cowboys, Herders, Surveyors, Inspectors; Campers, Fishers, Hunters, Boomers, Sooners, Bimetallists and Monometallists. Tents for Photograph Galleries, Shooting Galleries, Medicine Men, Merry-go-rounds, Restaurants, Candy, Lemonade, Pop Corn or Peanut Stands. Tent Sheets, Pillows, Cots and Blankets to rent. Tents, any size, any kind, in any quantity, for Political Campaigns, or for G. A. R., K. of P., Knight Templar, Military or other encampments. See page 110.

Second-hand tents for sale cheap. See inside back cover.

This is a new tent and is made with rope ridge and corners, so it needs no pole making it very portable, extremely easy to pitch and good for standing storms. The uprights can be joined for 75 cents per pair. A most desirable tent for hunting, fishing, traveling or anything where portability and the most floor space for the least money is required.

ble tent for hunting, fishing, traveling or any place where a portable tent is required.
 Liberal discount from these prices. See discount sheet.

As its name implies, this is an excellent tent for travel on account of its extreme portability. It is made with a rope ridge, so it only needs the two small upright poles which can be jointed for cents the pair, net. The smaller sizes can then easily be carried in the hand, on the train, etc., and the large size can be carried in a buggy cart, making it a most desirable

24	8	2¼	24 35	28 75	32 20	36 50	43 50

This is a new tent, never before on the market. Has a rope ridge and small ropes sewn in seams at corners, so it only has two upright poles to be carried which can be jointed for 75 cents, net, for the two poles. Making it the most portable and easiest pitched of any tent in the market.

To pitch tent, lay it on the ground square. Then put corner stake out nearly to end of guy and in line with bias corners; then loop guy over stakes, push up the center poles, put middle stakes and guys in place, and stake down walls, and it is done. A

small boy can do it. See discount sheet for reduction on these prices.

COLUMBIA UNIVERSITY

BRITISH SPORTING TENT.

This tent is made with three center poles roped on ridge and door each end. Plenty of head room and is a pretty shape.

Lord Mayo in his book "Sports in Abyssinia" page 20, says of it: "I should advise everybody to take this description of tent for rough work in any country. Head room is what is wanted for comfort, and this is the only strong, portable and shapely tent that combines these advantages."

It is a pity, a pity it is, to spoil your machines or goods that cost so much money, or to ruin your crops that cost so much labor, when they can be saved so cheaply by buying your Paulins of us. Large discount from these prices. Protect your goods and machines.

HARVESTER AND CORN-CRIB COVERS.

COMBINATION HARVESTER AND BINDER

COVERS TO FIT ANY MACHINE.

	8-oz. Duck.	10-oz Duck.	12-oz. Duck.
For 6-Ft. Machine	\$2 30 Each.	\$2 85 Each.	\$3 50 Each.
For 7-Ft. Machine	2 50 "	3 10 "	3 80 "

Why spoil your Machines, Goods or Crops with sun or rain when they can be protected so cheaply? Buy Covers for your Wagons, Engines, Harvesters, Binders, Separators, Stacks, Corn Cribs, Hay Cars and Merchandise. See also page 57.

Liberal discount from these prices.

ROUND-TOP CORN-CRIB COVERS.

These covers are made quarter pitch, and overlap the edge of the crib about 12 inches. A short pole is supplied with each cover. Put a small piece of board on the corn level with the top of the crib to stand the pole on and pile the corn around the pole. The covers will be more waterproof if they do not touch the corn.

C. J. BAKER, Manufacturer of
all kinds of

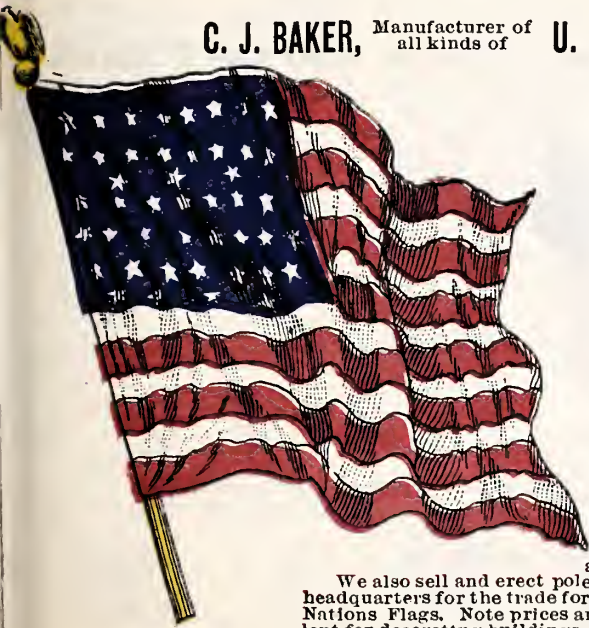

U. S. and FOREIGN NATIONS FLAGS.

Of Best Standard Navy All-Wool Bunting.

As will be seen, we have largely extended our chapter on Flags in our present catalogue, and have, we believe, a greater variety of colored Foreign Nations Flags than can be found in the catalogue of any other Flag-maker on earth. They have been collected with great care. They are in nearly every case the Merchant Flag of the nation represented. That is, the Flag that would be seen flying at the masthead of vessels in our harbors.

We would call special attention to pages 36 and 37 Advertising Flags and Burgees. We are sure, if their attractiveness, utility and cheapness as advertising mediums are properly considered, many shrewd advertisers who have never thought of them would erect poles on their buildings and have a supply of them, to vary the display, advertise special lines and keep themselves attractively before the public. The poles can also be used to display the Stars and Stripes and foreign nations Flags on special occasions. Nothing enlivens a house, a place of business, a town or city so much as a lot of handsome flags waving in the breeze. We make a specialty of the manufacture of Best Navy All-Wool Bunting Flags and compete with any house in the country in quality and price.

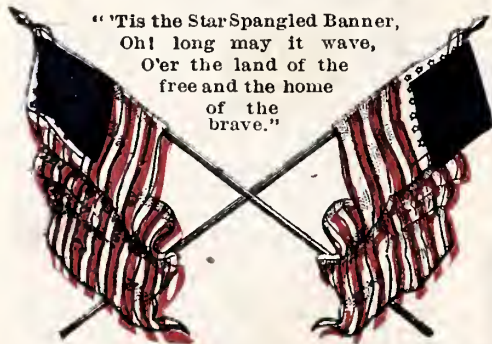

We also sell and erect poles for schools, stores, or buildings. We are headquarters for the trade for Printed Muslin United States and Foreign Nations Flags. Note prices and discount. A variety of these are excellent for decorating buildings, either inside or out.

AMERICAN NATIONAL U. S. ARMY AND NAVY FLAGS.

Regulation width. See Article 1436, Page 475, U. S. Army Regulations, for proportions of Flags. I

" 'Tis the Star Spangled Banner,
Oh! long may it wave,
O'er the land of the
free and the home
of the
brave."

U. S. National Company Flag, 6x6½, Price, \$5.50. New size, 4⅓x5½, \$4.75 each.

Three feet and four feet Flags made with thirteen stars each; if made with forty-five, 75 cent each, extra.

All other sizes made with full complement of forty-five stars each.

If any of these Flags are wanted wider, add five per cent for each additional six inches to foregoing widths.

Made with standard all-wool bunting, sewed stars, and made in the best manner with strong canvas headings; small sizes with grommets and large sizes roped.

This is the place to buy flags. See discount sheet.

BUNTING BURGEES.

Burgees plain, or with firm name, trade mark, advertisements, etc. Lettering extra, according to style and size of letter. Send for estimates on peculiar designs. In ordering please state if you have any particular choice in colors. Burgees can be lettered very satisfactorily with black or blue paint, which will stand as long as the bunting, at one-third of the prices for sewed letters.

ADVERTISING FLAGS.

Probably no signs that can be used are more attractive than handsome Flags. They wave in the wind and give a suggestion of life and energy, and have a holiday effect that nothing else has. On a count of their motion, they will attract attention quicker than any stationary sign. The accompanying designs are merely suggestions which may be varied as to color, size and inscription, almost indefinitely. The accompanying prices are for the Flags without lettering. For lettering, see opposite page. Paint lettering, 20 cents per running foot. Liberal discount on these prices. See discount sheet.

Spring-Roller Drop Curtain

—FOR—

Verandas,
Balconies,
Etc., Etc.

Or they can be used in many ways, as temporary partitions of rooms, for classes in Sunday or other schools; or partitioning room to save the heat in winter or any place where a temporary partition curtain or door would be an advantage. If needed, brass eyelets can be inserted in the edges to attach knobs at the sides; when necessary they can be mounted in boxes, they are then invisible when rolled up.

They can also be used for curtains to cover shelves, or used horizontally under sky-lights, etc. They can be made up to 26 feet long.

Send Size of Curtains for Estimates.

AWNINGS.

For Office or Residence Doors and Windows.

To raise or lower with cord and pulleys. See directions for measuring, page 54. For price, see pages 52 and 53 and note the liberal discount on sheet in front of this Catalogue.

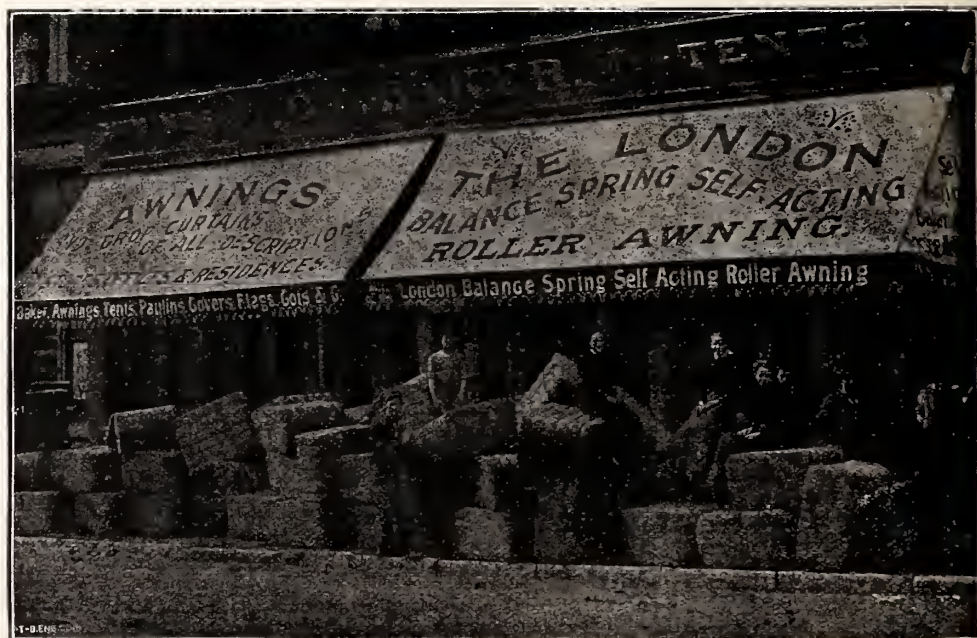

DROP CURTAINS.

For Balconies, Verandas, Etc

Made with eyelets along the top to attach with screw-eyes. Pole in hem at bottom. Cords are attached at top at suitable distance from the ends, and pass down the front of curtain underneath the pole, then up the inside of the curtain to and through pulleys, then both cords lead to one end. By pulling on the two cords the curtain will roll snugly to the top. Price, 8 cents per square foot. Price includes rope, screw-eyes, cleat and pole, ready for use. See discount.

Nothing adds more to the beauty and comfort of a residence than neat and elegant Awnings or Drop Curtains. We have 27 years' experience in our business, with all facilities and the largest establishment and the most varied stock west of the Mississippi. We warrant our work and have competent workmen in all departments to insure first-class work.

SPRING-ROLLER STORE AWNINGS.

We have bought the exclusive right for this territory of McKeon & Scott to manufacture and sell their patent self-Acting Spring-Roller Awnings, for stores, offices and residences, and are prepared with skilled workmen and appliances to do the work in the best manner. These awnings are too well and favorably known in Kansas City to need commendation, but for the information of those outside the city we give some of the points of benefit on the store awnings:

1. The roller and goods are enclosed in a waterproof box, which is nicely moulded in cornice shape; the roller is tubular and has steel springs which is the motive power for raising the awning up and down.

2. This awning requires no ropes, pulleys or chains, but is worked up and down by a pole about eight feet long, which is hooked into an eye in front of awning pole, and by pulling out on the pole the awning rolls out and stops at any point required, the closing up of awning by pushing up on said pole very lightly. The springs do the work and the operator only unbalances the mechanism.

3. The cloth lasts for many years, never has to be taken off in winter, and is always ready for use in all seasons.

4. Special attention is called to the length of time goods remain clean and without getting torn, because there are no rests or carriers required to support this roller, and no friction against any part of the case, as the rollers are suspended at each end.

5. In sudden storms they can be shut up in 10 seconds.

6. These rollers are made of tubular iron galvanized and finely tempered steel springs covered with copper to prevent rust, but this is superfluous, as the rollers are water-tight and no rain or damp can penetrate them. The springs are warranted unbreakable.

7. The neat appearance of these awnings are an advantage to all fronts. Architects have made space a new front to place these awning cases in.

These awnings can be shipped into the country in the boxes in which they work, with the canvas on the roller, the front rod attached and the springs adjusted ready to work when placed in position. They can be made without the canvas border, with front board moulding instead which shuts in the awning and makes it invisible. They can be made either with or without ends. They look neatest without. See engraving of our store on previous page. After placing the box in position, put the bars in front rod, then put points where they fit. Price complete with frame. Made of 10-oz. duck or 8-oz. ordinary stripe, \$1.60 per foot net, roller measure. Fancy stripes extra. The above price is for awnings up to 8x8; 9x9 would cost 10 cents per foot more, 10x10 20 cents, and so on. These awnings can be made as long as 26 feet.

AWNINGS.

This price list is for the Old Reliable Pull-up Awnings.

The following prices include Frame, Ropes, Pulleys and all necessary articles for putting up. Lettering 10 cents per foot extra.

See directions for measuring on page 43. Send for samples of material.

When frames are not wanted, 20 per cent. from this list.

DIRECTIONS FOR MEASURING STORE AWNINGS.

First determine the place where the joints of the frames will be fastened to the building, which should be from seven to eight feet from the sidewalk, according to the height of the front, (see figure 2 in diagram); you will observe that the curtain, fifteen inches deep, drops below that point, for which you will have to allow for clearing people's heads. Then measure from there to where the top of Awning can be fastened above the windows (see

figure 1 in diagram) which will be the distance from 1 to 2, or height of Awning; 2 to 3 in a high building should be the same as 1 to 2; but in a low one a little more. Then measure the width of the store from center of column on one side to the same on the other side, which will be the distance from 3 to 4, or width of Awning. If the top of the windows where the Awning is to be attached, projects beyond the face of the building, or is back out level, mention how much. When ordering an Awning state whether it is to be fastened in stone, brick, iron or wood, both as regards the top and bottom, and whether the door posts and face of the building or outer columns are in line; also, whether the frame requires three or more or less joints and bars. In ordering a new cover for Awning state whether the front bar is of iron or wood.

For elegance and comfort use **WINDOW, DOOR ANDPORCH AWNINGS** on your residence.

Save your carpets from fading by protecting them from the sun.

WINDOW AND DOOR AWNINGS.

No. 5.

DIRECTIONS FOR MEASURING WINDOW AND DOOR AWNINGS.

In ordering these Awnings, the measure is to be taken on the door or window *frames*, not on the brick work, and in all cases state the shape of top of window, giving name of shape from our diagrams.

In taking measurements for Window Awnings, measure from 1 to 2, 3 to 4, 4 to 5, 6 to 7.

Always state if Awnings wanted are for first story or stories above. If for first story state height from sill of window to ground.

CHILDREN'S PLAY TENTS.

The next ten pages, as will be seen, are entirely devoted to Tents for Children. We have always made Play Tents, and have sold them quite freely in the large cities, yet there has not been the sale for them that there should have been, when their cheapness and attractiveness are considered, but doubtless one reason is that they have not been illustrated and advertised as they might have been. There is nothing that we know of that is a greater or more continual source of joy and amusement for children than a nice little tent.

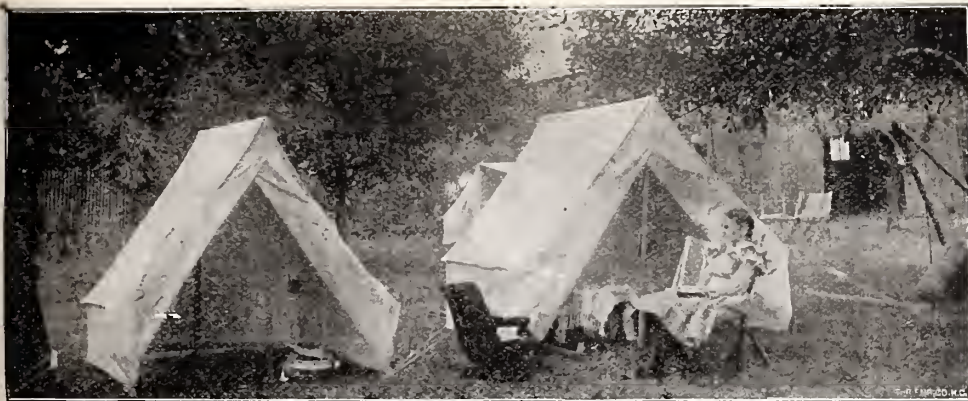

MAKE HOME ATTRACTIVE FOR THE CHILDREN.

We have photographed the different sizes and styles and given the sizes and net prices against each one so that it may be seen at a glance just what you are getting. We have also given the weight so that it may be estimated what the express or freight would cost.

Send money in advance and save C. O. D. return charges.

God so Loved the
world that he gave
His only begotten
Son that Whosoever
Believeeth in Him
should not perish.
but have Everlasting
LIFE. JOHN 3:16

This is a faithful
saying and worthy
of all acceptance,
that Christ Jesus
came into the world
to save sinners:
of whom I am chief.
1 TIMOTHY 1:15.

But to him that work-
eth not, but Believeeth
on HIM that justifi-
eth the Ungodly, his
Faith is counted
for righteousness.
ROMANS 4:5

The Blood of Jesus
Christ His Son
cleanseth us from
all SIN. 1 JOHN 1:7
And without shed-
ding of Blood is
no remission. HEB 9:22

Except a man be
Born Again, he
Cannot see the
Kingdom of God. JOHN 3:13
Born Again, not
of corruptible seed,
but of incorruptible,
by the Word of God.
1 PETER 1:23

Where will you
spend Eternity?
These shall go
away into Ever-
lasting Punishment:
but the righteous
into Life Eternal.
MAT 25:46

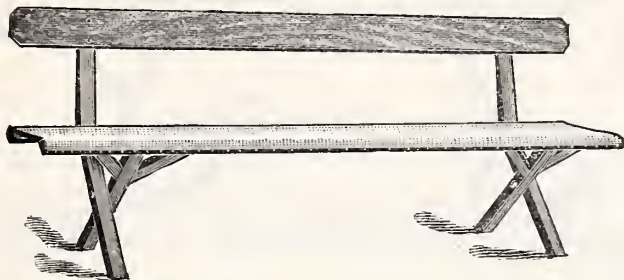

SCRIPTURE TEXTS.

These texts are painted on white sheeting with bright red borders, have eyelets in the corners, size 4 feet 6 inches by 5 feet. They are especially intended for use in Gospel Tents (see page 69), but are excellent for hanging in Mission Halls, School Houses, Stores, Workshops, Saloons or any place where they can be seen. They are worth one thousand dollars each, but we sell them for the low price of 75c each, net. Other texts in order, not to exceed 30 words, \$1.00 each.

GOSPEL TENT, 40x60. Seated with our Folding Canvas Seat Bench. See opposite page.
Second-Hand Tabernacles and Seats for sale cheap. Send for prices.,

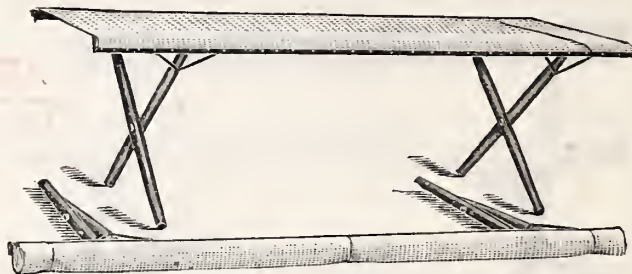

CANVAS SEAT BENCH No. 47.

This seat is designed for meeting tents, public halls, or any place where it is intended to seat a number of persons. It has a strong frame and heavy canvas seat, which makes a comfortable and economical seat, much preferable to the common wooden bench. It folds together for convenience of storage or transportation. We have improved this seat and reduced the price of it from \$1.75 to \$1.25 each, net. At this price there is nothing to compare with it as a cheap, strong and portable seat for tents, halls, or outdoor gatherings. Anyone needing a large number of seats should examine it. It will be found more comfortable and much preferable to chairs for large assemblies.

7 feet long, to seat 5 persons, unpainted, per dozen, net	\$15.00

THE K. C. IMPROVED COT.

This cot has turned legs, with double malleable iron braces at each leg, making it strong, light and neat. Is covered with 10-ounce duck.

This is the cheapest and best common cot in the market. Dealers will find this a salable article, and we would advise you to try a sample dozen or half dozen.

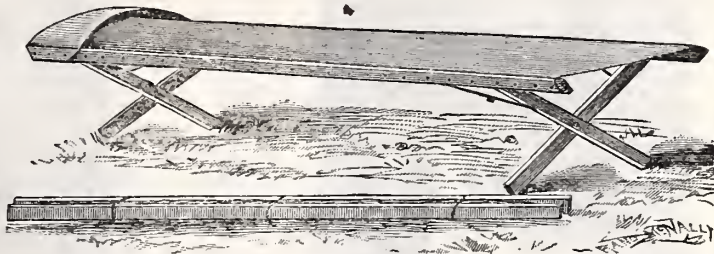

Price each, \$1.00

LIBERAL DISCOUNT TO DEALERS.

Good Second-Hand Cots for Sale cheap. Send for prices.

No. 40, The U. S. Folding Canvas Cot.

This cot is covered with duck, superior both in quality and weight. It is the strongest, lightest and most compact folding cot made. It is easily opened and closed, and folds up less space than any other. The duck will wear longer and the legs stand more strain, and will stand on more uneven ground because of not being stretched

with a stretcher between the legs, which we consider a positive injury to any cot, as it injures the wear of the canvas and weakens the legs, by the fact that, when the duck becomes stretched from use, the whole weight and strain comes upon the stretcher instead of being evenly divided over the whole cot. By having no stretcher in our cot the sides are allowed to open by the weight of the person using it; to the full extent of the canvas; so that when in use the canvas is always tight, making a comfortable bed. We could stretch the canvas in this cot taut by the use of a stretcher, but the result would be that after the cot had been used a few times by a heavy person the canvas would become stretched and hang in a bag, making a very uncomfortable bed, and also weaken the cot by producing the results already mentioned.

It folds without separation of parts. Dimensions when folded. 6 feet, 3 in. x 5 in. x 2 in. Weight 15 pounds.

Price, covered with 10-oz. 29 in. duck \$1.75

THE REPOSE FOLDING CHAIR.

KIDD'S PATENT SELF-GENERATING GAS FIXTURES.

WITH LATEST IMPROVEMENTS.

These lights have recently been greatly improved, and the old heating pan done away with. All parts can be duplicated.

90 Light Chandelier will Light 100 Foot Tent.

Have a well established reputation, having been in general use for several years for Circuses, Camp Meetings, Public Gardens, Skating Rinks, Mining and out-door operations of all kinds, and have invariably given satisfaction when other lights have been discarded.

For Reference go to the first Circus or Traveling Exhibition that comes along in any part of the world and ask about Kidd's light.

They know what fixtures are least in hurt and give least trouble in traveling, as well as the most light when in use, and they use them to the exclusion of all others.

Since the introduction of these lights there has been less loss of property by fire than ever before; for by the patent safety valve arrangement, if by any accident the Tent should be blown down the lights immediately go out and thus much valuable property has been saved which with any other lights would be destroyed.

With all our Chandeliers we send two burners so that they can be used either in the open air or under shelter as required.

OUTSIDE LIGHTS.

For outside illumination such as Camp Grounds, Skating Rinks, Wharfs, Railroad Operations, Mining, Plantations, and all out-door operations on a large scale, there is nothing to compete with our Large Beacon Lights; they will burn in any weather.

The Fluid best suited for inside illumination is Naptha of about 70° gravity.

For outside illumination Naptha, Gasoline or Kerosene may be used.

Kidd's Patent Lights converts the Fluid into a highly luminous gas at a cost of about one-sixth the cost of Coal Gas.

The apparatus is so simple that no skilled mechanic is required to run it, and the few parts there are of it are almost indestructable with ordinary usage.

We have a full line of parts for these lamps that we supply at manufacturer's prices. We are Western Agents for these goods, and sell at New York and Chicago prices.

TORCH BURNERS.

Single Lamp.....\$2.00 Each.
Double Lamp..... 4.00 Each.

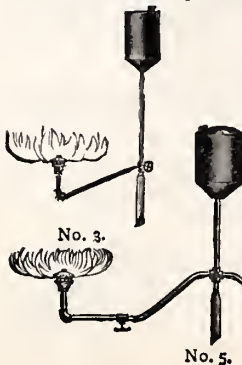

These are a very superior make of this kind of lamp. They are perfectly safe, give a clear, steady light, and have no smoke or smell, and they stand any wind. For lighting Tents, Out-door Meetings, etc., there is nothing to equal them.

Two 2-burner lamps will light a 60x40 foot tent sufficiently to read by.

To insure a brilliant light and no smoke, use gasoline of 74 degrees gravity.

No. 52 Double Lamp.

No. 5.

For volume of light, simplicity, reliability and convenience, the Baker Lamps stand unrivaled. Only a trial is needed to convince one of their superiority over all others. They invariably take the place of others wherever introduced.

Their very great success has more than met the expectations of the inventor. Many of the most successful parties now on the road are using them, and the universal verdict is that they cannot be beat. The remarkably brilliant light which the Lamp affords will alone draw a crowd.

THE BAKER LAMPS

PATENTED.

The accompanying illustration shows the style of burner used on these lamps. The burner is made of cast-iron, which makes it very durable, and being quite simple in construction it is almost impossible to get it out of order, so that it can always be relied upon to do its work well and not fail you at some critical moment, and cause vexation and loss of what would likely be a valuable time.

The Improved Saddle Blanket.

JEROME & PITKIN, Patentees, of which we are Sole Manufacturers.

DEAR SIR:—Soliciting your attention, beg leave to introduce a new and superior style of Saddle Blanket. It is a recent invention, patented August 12, 1884, and will take the place of all others now in use.

Horsemen understanding its principle, can appreciate its merits, and when once tried will use no other. Combining a stylish appearance with complete protection to the animal's back, it gives better satisfaction for the following reasons:

- 1st. You will have no sore-back horses
- 2nd. Will outwear any other kind.
- 3rd. White and soft, no dye or poison, forms no knots.
- 4th. Easily washed, quickly dried, and can be kept clean and fresh.
- 5th. Always folded and ready for use.
- 6th. Quickly adjusted in case of sudden mounts.
- 7th. Simple act of turning one of the cloths brings a fresh surface into use.
- 8th. The under cloth being stationary, the friction occurs between the cloths, and not on the back.
- 9th. Can be made any thickness as condition of back and climate warrants.

10th. Absorbing all the sweat arising from the back, prevents scalding, such scalding being often the case when felt and woolen material is employed.

11th. Endorsed by reliable horsemen, who have put it to practical tests.

Equally suitable for long or short distance riders, is especially so for mounted troops and ranchmen, as in the case of a long round-up, or scout, the saving in the value of the animal can be appreciated, as the back is in a good condition. The blanket consists of a series of cloths, or sections, connected together (by rings or buckskin) in such a manner that any one of the cloths may be employed. Of such construction, one or more cloths may be added or renewed, as desired. The material is composed of equal qualities of jute and linen, woven together, producing a cloth which is cool and soft, absorbing all the sweat or moisture from the back. Applied to the back in the usual manner; when the under cloth has become saturated with sweat and a fresh one desired, the saddle is raised and the upper or top one is raised and turned under next to the back of the animal; in case of a long ride, by the time all the cloths have been used, the first employed is ready for use, as the material readily dries.

That this blanket is appreciated, is best shown by the continued demand, after it has been given a trial. Send for one. Price \$2.50. Terms cash

New Process

Black Waterproof Horse Covers.

These Horse Covers, and Paulins on next page, are made by an entirely new and improved process, and must not be confounded with oil covers, but are much superior. They will not stick with heat or get hard with cold. They are especially adapted for light work, as carriage and buggy horses, where lightness and waterproofness are desired. Try a sample.

¾-inch Rope is one-half cent above basis.

3-16-inch Rope is 1½ cents above basis.

MURRAY'S GRAIN SAVER.

(Patent applied for.)

This device we believe fills a long felt want, and will be appreciated at once, we think, by farmers and others who are handling grain or seeds loose in wagons.

As it will not signify how leaky a wagon may be, this lining will make it grain or seed tight at once, thus saving time in fixing it and also saving much grain that leaks out, even after fixing it in the old way. It will also obviate the necessity of sacking such seeds as flax, millet, clover, timothy, cane, kaffir and broom corn, etc.

This lining is made 10 feet long, 3 feet wide and 3 feet high. The top edge overlaps the sides and ends of wagon and has eyelets to go over hooks as shown in cut. In the back end at the bottom the end is made long and is not sewed across the back, but tucks under the cloth in the bed and is held there by the weight of grain, but can be easily freed to let out the grain while unloading.

TENTS AND CAMP FURNITURE FOR RENT.

We desire to call your attention to our renting department.

We have for rent large Oblong and Round Tents capable of seating from 100 to 2,000 persons, for Meetings, Conventions, Political Gatherings, Skating Rinks, etc., or for use as Show Rooms at Exposition Fairs, etc. Seated and lighted if required.

We have also large and small "Family" and "Wall" Tents, Cots, Tables, Chairs, Camp Stools, Gasoline Lamps, etc., as shown in Catalogue, to rent for Military Encampments, Conclaves, Camp Meeting Sunday-school Assemblies, etc., or for small camping or sporting outfits. Candy, Refreshment or Sleeping Tents for special occasions, to rent either by the day, week or month. Also fancy or plain, large or small tents, with or without floor, tables, chairs or lamps.

Parties requiring medium or large outfits will find it advisable to make their arrangements early. Please send for estimates giving quantity and kind desired, and stating at what date and for what length of time required.

Our standard sizes of Wall Tents that we keep in quantities are $9\frac{1}{2} \times 12$ and 12×14 .

FOR SALE.

SECOND-HAND TENTS, COTS, ETC.

As will be seen on page 110 of this Catalogue, we do a large business in renting Tents, Cots, etc. We have a large variety of sizes and styles of Tents, ranging from Circus, Side-Show, Preaching, Table, Family, Refreshment and Camping Tents. These Tents are always for sale if not engaged in the near future, at greatly reduced prices, and are constantly being sold and replenished with new tents. So we nearly always have a supply of nearly new Tents to be sold at bargains.

Our standard sizes of Wall Tents that we rent in large quantities are $9\frac{1}{2} \times 12$ and 12×14 , which we have in 8, 10 and 12-ounce duck. We would call the special attention of dealers to these sizes, and will make prices on them that will be to your advantage to investigate.

We also rent a large quantity of 9×19 and $14 \times 23\frac{1}{2}$ Family Compartment Tents (See pages 14 to 16). They are made with 10 and 12-ounce army duck tops and 10-ounce single filling duck walls. The smaller sizes have three rooms, and the larger five rooms each. They are an excellent tent and we sell them very cheap. Before buying, write us what kind and size of Tents you want, and it is very likely that we have what you want at a bargain.
